

# Ann Jeba Jovitha M

Software Engineer

Tirunelveli, India

(+91) 6382759490 | [jebajovitha@gmail.com](mailto:jebajovitha@gmail.com) | [linkedin.com/in/annjeba/](https://www.linkedin.com/in/annjeba/)

## WORK EXPERIENCE

**Zeavibe** | Web Developer Intern

August 2023 - September 2023 | Tirunelveli

- Collaborated with a team of developers to build a real-time web development project using ReactJS, enhancing my understanding of modern front-end development practices.
- Implemented responsive design principles to ensure the project's compatibility across various devices and screen sizes, improving user experience.

**Colakin** | Software Engineer Intern

April 2024 – November 2024 | Remote

- **LinkedIn InMail Automation:** Contributed to designing and optimizing prompts for generating LinkedIn InMails, enabling targeted email generation and outreach to specific audiences.
- **Mobile Application Testing:** Assisted in functional and usability testing of the mobile application, ensuring seamless user experience and bug-free functionality.
- **Client Interaction and Product Demos:** Hosted weekly client meetings to present the product's progress and discuss plans for the next development phase.
- **Documentation Development:** Developed the Docurasus site, an instructional platform showcasing the product's features and usage guidelines.
- **Web Scraping Tasks:** Conducted data collection through web scraping to support various business use cases, ensuring high-quality and structured datasets.

## PROJECT

**Movie**

**Link:** <https://github.com/MikeJeba/Movie-Backend.git>

- Engineered a dynamic movie management system leveraging Java Spring Boot for efficient backend operations via port, integrated with MongoDB. Crafted an engaging user interface with ReactJS, enhancing the frontend experience.
- **Tech Stack:** Java Spring Boot, Reactjs and MongoDB.

**Game**

**Link:** <https://github.com/MikeJeba/MiniMathGame.git>

- It is an engaging educational game designed to test and improve players' mathematical skills. With a combination of exciting gameplay and brain-teasing math problems, this game provides an enjoyable way to enhance numerical proficiency.
- **Tech Stack:** Java, Android Sdk and Firebase Realtime Database.

## EDUCATION

**Francis Xavier Engineering College**

Tirunelveli, TamilNadu

B.E - Computer Science and Engineering

2021 – Present | CGPA : 8.9

## SKILLS

**Languages:** Java, HTML, CSS, JavaScript.

**Frameworks:** Vuforia, Reactjs, Android Sdk, Spring Boot

**IDE:** Unity Search Engine, IntelliJ, Android Studio, Visual Studio.

**Database:** MongoDB

## CODING PROFILE

**Leetcode** - [leetcode.com/MikeJeba/](https://leetcode.com/MikeJeba/)

**Github** - [github.com/MikeJeba](https://github.com/MikeJeba)

## COURSE CERTIFICATIONS

- **Red hat** Certified Engineer
- **Red hat** Certified System Administrator
- **Nptel** Programming in java
- AR apps with unity and vuforia by **Udemy**
